INDIVIDUALIZED AND ENGAGED SUPPORT
The voice faculty is committed to preparing students to find their own, unique, individual instrument and artistic identity, as well as producing diverse artists who can contribute to the arts community in thoughtful, sustainable, and engaging ways.

UNIQUE COURSE OFFERINGS
First semester students take Freshman Voice Studio, which focuses on building skills that will support them throughout their study and beyond, while facilitating a sense of community within the voice cohort. Students work with all members of the voice faculty during their freshman year, building mentoring relationships with each member of the voice faculty.

PERFORMANCE OPPORTUNITIES
The voice faculty believe that becoming an effective communicator is what allows our graduates to excel in their chosen field. Students are encouraged to be active participants in choral ensembles, musical theatre, stage works, and chamber music with equal consideration given to all students.

PRACTICAL EXPERIENCE
The best way to learn to teach is to teach. Both our curriculum and extracurricular programs are infused with many hours of teaching time in front of real students. Music education students are connected to local schools for practicums during their first semester of coursework and have the opportunity to participate in elementary education programs like BRAINY and the Middle School Outreach Ensembles program for secondary schools.

STRONG MUSIC TEACHERS ARE STRONG MUSICIANS
Music education students have ample time and coursework to deepen their musicianship and artistry. Applied professors and conductors work closely with students to support their musical growth and development.

UNIQUE OPPORTUNITIES
The music education faculty collaborate closely with students in a tight-knit community, both in and outside of class. Additionally, students can pursue unique tracks available for advanced, specialized certifications outside the K-12 Music Teaching licensure such as the National Kodály Teaching Certification and Eurhythmics Certificate.

GRADUATE SUCCESS
CSU music education undergraduates have a strong record of job placement upon graduation and regularly lead the state in innovation and leadership. Our graduates are part of a supportive and enthusiastic base of alumni teaching throughout Colorado and the United States.
