

STUDY

MUSIC THERAPY AT COLORADO STATE UNIVERSITY

**DOCTORATE OF MUSIC THERAPY
MASTER OF MUSIC THERAPY**

FURTHER YOUR CAREER ONLINE CSU **MMT & PHD** IN MUSIC THERAPY

The Colorado State University graduate degrees in Music Therapy emphasize research and clinical practice, as appropriate for the music therapist who aspires to advance their career. In this program, you will engage in coursework that will advance your skills as a music therapist and help you to reach your professional goals.

..... **WHY CSU**

Courses Designed for Learning. All of our courses, online and in residence, go through a rigorous process to ensure that they meet Universal Design for Learning standards. Online courses are designed with a virtual learning professional to ensure optimal learning environment.

Research Opportunities. You will engage in coursework and have opportunities for collaborative research that is focused on advancing your research skills.

Graduate Teaching Opportunities. A limited number of teaching assistantships are available to PhD students in the music therapy program. Please contact the area coordinator about current graduate teaching opportunities.
